	<p>Just looking for something to get you started?</p> <p>SportzVault <b>STARTER</b> is ideal for organisations that have a small amount of content. It has some restrictions on certain features, page limits and advertising.</p> <p>Starter sites offer access to the SportzVault Layout Manager and are a great way to get your club started.</p> <p>Starter sites can be upgraded to an advanced package at anytime for access to more storage or features.</p>
	<p>SportzVault <b>SKINNED</b> allows complete control over the site design.</p> <p>You are not restricted to the existing SportzVault layout or options and can access a wide range of advanced, built in controls.</p> <p>This is a high end product targeting the needs of expert users and is typically recommended for state or national level organisations.</p>
