

## SportzVault Plans

Joining SportzVault is easy, we offer very competitive deals for clubs and associations. We can set up your access immediately, and within hours you can have a fully functioning web site.

We offer four different SportzVault plans, with a variety of features and at a cost to suit your budget.

	<p>SportzVault LITE gives access to all the SportzVault content creation features, but does not allow control over advertising on the site, and some other site customisation. This plan is FREE for <i>any</i> sporting organisation, and is suited to smaller organisations with a limited amount of web content.</p>
	<p>SportzVault STARTER has all the features of the LITE plan, with less restrictions on customisation and the number of pages and other items such as news and events that can be created.</p> <p>STARTER provides great value for organisations that have a small amount of content, but want a reasonable amount of control over the way their website looks.</p>
	<p>SportzVault PREMIER is our most popular plan, and has all the features of the STARTER plan as well as allowing complete control over the advertising on your site (or if you like, no advertising at all) as well as full site customisation.</p> <p>This plan can assist in clubs and associations attracting sponsors, and can in effect, pay for itself with advertising revenue. There is no restriction on the amount of content that can be created within the file storage limits, and extra file storage is also available. Integration with Google Analytics is provided so that you can get a detailed breakdown of who is visiting your site.</p>
	<p>SportzVault Skinned allows <i>complete</i> control over the site design. You are not restricted to the basic SportzVault layout or options, and there is access to a wide range of advanced built in controls such as different menu types, rotating news and ladders and result widgets.</p> <p>It is possible to setup your own site design by following our skinning API, however we also offer setup and design services (detailed as an optional extra below).</p>
